During the spring 2016 testing administration, a third party monitor visited your school to observe school testing practices. The visit included classroom observations and an interview with a school test coordinator. The monitor has drafted this report to share feedback from this visit in alignment with state policies.

The checklist below reflects the monitor's feedback for your school and whether there are any areas that require an investigation conducted by your district test coordinator in accordance with Bulletin 118 and your district test security policy. Any such investigation completed by the DTC should be shared with the LDE, who will determine if further investigation is needed. An answer of "Yes" to the questions below means that your school was observed to be
